

# Kimberleys Calling

A totally unique Meditation Retreat in the Kimberleys  
“ a once in a life time journey”.

Awaken your senses and allow yourself to be transformed whilst exploring the ancient ancestral sites of the Kimberleys. This is a chance to feel balanced, calm and in harmony with your innate self, connecting with whom you truly are.

You will be greeted at Broome Airport by Anandi, your personal facilitator for the next eight days. Anandi from Golden Door Elysia, will guide you in breath work and meditations, along with sharing her local knowledge and experience from having lived in the area for many years.

Our journey starts in Broome on the full moon, relaxing for 2 days with meditations and yoga. One of our highlights will be experiencing the Stairway to the moon. This natural phenomena is caused by the rising of the full-moon, which creates a beautiful optical illusion of a staircase to the moon - unique in the world.

We travel out to Mt Anderson and meet with Harry Watson, a respected Elder of Jarlmadangah Community. Harry will take us along the Fitzroy River by Camel for 3 nights and 4 days setting up camp in various areas. Listen to Dreamtime Stories, visit Rock Art and sleep under the magnificent Kimberley stars. Why would you want to be any where else?

## Program includes:

Personal tuition with Anandi; Airport transfers, 3 nights resort accommodation, 4 breakfasts and gourmet picnic dinner, yoga classes, rental car for free time, 4 day guided camel trek with all camping equipment and meals, cultural story telling and rock art, transfers to Mt Anderson
